□ Impress your guests and yourself with a top-notch infotainment system

Your guests want information – and they want it fast and in full.

You want to give it to them – in a simple and straightforward manner.

We're there to help – with our experience and expertise.

The ability to access information and entertainment at the touch of a button has long been taken for granted. Consequently, users have high expectations. You want to meet your guest's expectations, position yourself as a forward-looking hotel and increase your profitability?

We have the perfect solution for every requirement.

From pure information delivery via the television to providing an innovative, interactive HbbTV solution for your guests – it's up to you to decide what you need and how much you use it. **TASCAN Interactive** feeds all the information about your hotel's offers and services directly into guests' rooms, on a daily basis or in a continuous loop, simply and quickly.

➤ It's easier to set up your own interactive portal than you may think!

□ Create information pages – quickly and easily

Want to inform your guests as quickly and comprehensively as possible – and with the minimum of effort on your part?

Our easy-to-use, high-performance editor makes administering your information system a straightforward and uncomplicated task. You can create page content at any time and with the minimum of effort, thus allowing you to respond flexibly to any eventuality.

The editor...

- is available on-line and off-line,
- is operable in German and English,
- is equipped with a rich text editor for body text (formatting, tables, lists),
- permits pages to be created in any language,
- has fixed page and slideshow templates,
- contains a pre-defined „Hotel A-Z“,
- supports an unlimited number of levels,
- allows RSS feeds to be embedded.

The screenshot displays the TASCAN Editor interface. At the top, a browser window shows the URL <https://hbinteractive.tv/hospitality-hbbtv.php>. The main area features a grid of content categories: Hotel A-Z, Nachrichten, Rechnungsansicht, TV Information, Restaurant & Bar, Ambiente, Multimedia, Impressionen, Jukebox, and Kasino. Below this is a section titled 'Infomenu' with the instruction 'Navigieren Sie mit den Pfeiltasten auf Ihrer Fernbedienung.' (Navigate with the arrow keys on your remote control). The bottom part of the screen shows a detailed configuration menu with various options and descriptions:

- Neuen Inhalt anlegen**: Selbstigenschaften anpassen, System-Einstellungen, Globale Text-Formatierung, Navigationselement-Einstellungen
- UVA Art des Inhalts wählen**: Bitte wählen Sie eine der dargestellten Möglichkeiten durch klicken auf die Grafik. Diese Elemente können nicht mehr angelegt werden, da diese bereits verwendet wurden und nur einmal existieren dürfen.
- Nachrichten (bereits verwendet)**: Stellt die Funktionalität des Empfangens und Darstellens von Nachrichten für den Gast zur Verfügung. Dies kann nur einmal angelegt werden.
- Neue Übersichtsanzeige**: Erzeugt eine neue Darstellung ähnlich der Hauptübersichtsanzeige. Somit kann innerhalb einer Kategorie zwischen verschiedenen Darstellungsoptionen gewählt werden.
- Text / Bild mit Thumbnail**: Darstellung einer Textbox, einer Bildbox und einer Thumbnailbox. Eine Übersichtsanzeige oder Inhalte kann vorgeschaltet werden.
- Glossar (bereits verwendet)**: Darstellung für das Hotel A bis Z. Diese Darstellung kann nur einmal erzeugt werden.
- Text / Bild / Video**: Flexiblen Darstellung von Text-, Bild- und Videoinhalten. Eine Übersichtsanzeige oder Inhalte kann vorgeschaltet werden.
- TV Information**: Für die Darstellung der TV-Geschehnisse und einer Legendengröße der Fernbedienung.
- Subnavigations-Templates**: Ähnliche Darstellung zum Glossar (ohne A-Z Navigation). Es können Text mit Bild in einer Box kombiniert werden und durch eine Navigation auf der linken Seite der Box verschobene Inhalte dargestellt werden. Eine Übersichtsanzeige oder Inhalte kann vorgeschaltet werden.
- Spezials**: Das "Kultipoint" auf dem Fernseher.
- Rechnungsansicht (bereits verwendet)**: Mit diesem Template ermöglichen Sie es Ihren Gästen die Zimmerrechnung sich anzuschauen.
- Slideshow Templates**: Vollbild Slideshow mit Thumbnail.
- Jukebox**: MP3 Player mit Playlist Funktionalität.

➤ Simple system administration means you have more time for your guests!
